4. Discussion:

At the Deliberative Session there was a spirited discussion regarding Article 10 (to raise and appropriate \$10,000 for the Hampstead Public Library Building Maintenance Non-Capital Reserve Fund) This Article was originally Not Recommended by the Selectmen and the Budget Committee. At the Deliberative Session representatives from the Library amended their article to request \$9,999 and stated that there is an immediate need for funds to repair the outside of the building.

With this new information, the Budget Committee reversed its original position and recommended this Article 5-0

5. Member Comments

Mr. Bookless voiced his concern that if this article passes there were no assurances by the library representatives that the \$9,999 would be used for external repairs as stated at the Deliberative Session.

6. Adjournment

Motion to adjourn was made by Ms. Green and seconded by Ms. Cipriano 11:43 pm

Vote 5-0 to approve

Respectfully Submitted,

Steven Bookless
