

**Recycling and Waste Disposal Committee
Meeting Minutes
June 21, 2018**

PRESENT: E. Cabral, (Chairman), C. Kowalski, P. Wentworth, and R. Nugent

GUEST: Non present

OLD BUSINESS

RFP- The Committee reviewed the spreadsheet and recommendation proposal for the Board of Selectmen. There are still a few more questions such as what residents would do with the barrels and the recycling bins. There was a suggestion that the highway department could pick them up, but what to do with them. Mrs. Harrington suggested a contest to see what ideas people come up with.

The numbers were reviewed and it was noted that there is a 20% increase from 2018 to 2019 under the recommendation.

Moving forward with Pinard for an automated collection would cost \$3,947,770 over the five year contract. This includes the Kent Farm Transfer Station and the containers for the various town buildings. The five year cost for the trash/recycling non-automated would be \$3,692,770.

Ms. Cabral will contact Mr. Belanger of Pinard to ask about the recycling container, what he suggests to do with the barrels. She will also ask about the tonnage costs for recycling and get the final confirmation that there is no charge for tonnage on recycling.

Mrs. Harrington mentioned a resident concern about people taking the carts when they move and how to control the costs on that.

Motion to adjourn at 8:10 pm was made by P. Wentworth and seconded by C. Kowalski and passed 3-0.

NEXT MEETING

July, 11 2018

Respectfully Submitted,
Tina Harrington, Secretary
