

**Town of Hampstead, NH
11 Main Street
Hampstead, NH 03841**

FOR IMMEDIATE RELEASE

June 29, 2022

Hampstead – In light of the recent resignation of the Town's long-term full time Road Agent, the Board of Selectmen decided to enter into an agreement with Municipal Resources, Inc. (MRI) for consulting services. The company will conduct a study regarding the Highway Department. The purpose is to review the services currently being provided to the Town by the Department and to make recommendations that may provide for a more efficient and effective delivery of those services in the form of a potential Public Works Department.

In addition, MRI will provide the Town with an Interim Public Works Director who will work in the Highway Department on a part-time basis while the study is being conducted.

For further information, please contact Sally Theriault, CPM
Selectmen's Office at 603.329.4100 ext. 100
