* Painted or treated desks, bookcases, shelves, etc.
 ** Wood waste treated or untreated, shingles, sheetrock, logs greater than 5" diameter, insulations, plywood, chipboard, building materials and rubble.
 *** The Town of Derry is now accepting Construction & Demolition from area Towns - please see Scale House Attendant for details.

Residents may pay with **CASH or CHECK** when disposing of these items. Visa, Mastercard, Discover and American Express credit card payments are also accepted. Please note: fees will apply for credit card transactions which are 2.79% with a minimum fee of \$1.50 per transaction.

A separate area with signs will direct residents to the proper location to pay for disposal and drop off.

The new fee structure for disposal of these items is similar to other New Hampshire Communities. These new revenues will help to offset solid waste costs, which ultimately may reduce the impact of solid waste disposal on your tax bill.

The Public Works Department asks that all residents who utilize the Transfer Station be patient when disposing of these items as some traffic backups may occur.

Thank you.
