

HWRC meeting minutes of 01-Oct-2019

Town Hall

Present: L. Sarapas, K. Richards, C. Cote, J. McHale, P. Carideo,

Absent: L. Reimitis

Minutes: J. McHale

Mission Statement: To support the provision of safe, adequate, affordable and sustainable water sources for Hampstead and its residents.

* 7:01pm workshop meeting called to order by L. Sarapas

Review minutes of 17-Sep-19; Motion to accept by Paul, second by Carl; Passed unanimously

Tim Lovell - present to discuss HWRC budget and grant application;

A detailed review and discussion of our projects took place.

how to map bedrock aquifers:

plot location and productivity of CWS wells

look at private well records to look for above avg productivity

have a consultant do a bedrock linament analysis of Hampstead

Old Business:

- None

New Business:

- None

Other Public Matters:

- None

HWRC Matters:

- Presentation of plan and schedule; Goal 3: understand local water franchise - Ken

1) gain better understanding of HAWC system in Hampstead and adjacent towns

2) understand amount of water being withdrawn on an annual basis

3) come to an understanding of where HAWC is going and impact of potential plans

Goal is to have a rough draft on items 1 & 2 by end of the year.

- Presentation of proposed aquifer protection ordinance and discussion of comments - Paul

Defer delineation of bedrock aquifers to HWRC; glacial drift aquifers currently mapped

Nottingham groundwater extraction ordinance - Paul will talk to PB chair

- Potential assessment of North Main St 2019 monitoring data - Lee

Important for DES to know we look at the data and verify if they are making sound decisions
Even with reduced production the KFW aquifer doesn't appear to be significantly recovering;
may have been permanently affected.

Need to monitor and proactively avoid permanent consequences to our water resources.

- Review DES' conclusion that KFW only affects 2 wells - Ken will work with Lee

Other Business

Carl - Barnstead - water rights

Ken - anyway to pool resources with Sandown?

Adjourn

motion to adjourn at 8:40 by Carl seconded by Paul
